📍 Cadolzburg, Germany

SUMMARY

I am a very experienced AWS Cloud Architect and AWS Cloud Engineer who has proven his AWS knowledge in numerous customer projects. In addition to designing and implementing the appropriate cloud architecture, I have also been entrusted with the DevOps tasks of setting up the supporting CI/CD workflows.

My work is characterised by the fact that I have a deep knowledge of AWS, with a passion for everything to do with AWS, as well as the ability to quickly transform problems into solutions.

On top of that, I have excellent knowledge of working with Typescript and C#, which I have used successfully in a wide variety of projects.

EXPERIENCE

AWS Cloud Architect

nerdware GmbH

2023 - 2024

Nuremberg, Germany

Design and implementation of complex AWS architectures.

- Creation of technical architecture concepts on AWS.
- Provision, customization and documentation of the AWS architecture.
- Configuration and standardization of CI/CD processes.
- Implementation of IaC modules with Terraform.

Software Architect

adesso SE

2022 - 2023

Nuremberg, Germany

Various projects using Node.js and Java in AWS cloud.

- Creation of technical architecture concepts on AWS.
- Provision, customization and documentation of the AWS architecture.
- Configuration and standardization of CI/CD processes.
- Implementation of IaC modules with Terraform.
- Development of microservices with Java (Spring Boot)

STRENGTHS

🚩 AWS Cloud

Over 6 years of experience developing AWS cloud solutions.

⚡ Team Collaboration

Proven ability to work closely with all software development roles and cross-disciplinary teams to create great software products.

☆ Problem Solving

Experience in identifying and resolving complex programming challenges to meet project deadlines.

SKILLS

Cloud

AWS · Serverless Patterns ·
Event-Driven Architectures ·
Microservices

DevOps

GitHub · Gitlab · Terraform ·
Terragrunt · Azure DevOps ·
Cloudformation

Software Engineering

Typescript · C# · Shell Scripting ·
Architecture Patterns ·
Debugging & Testing · OOP

ADDITIONAL SKILLS

Angular 2 · Docker · Kubernetes ·
MongoDB · Redis · Nodejs · Flux CD ·
NoSQL · Monitoring · Service Mesh ·
Linux

EXPERIENCE

Cloud Architect / Engineer

2017 - 2022

[IT-Labs GmbH](#)

Nuremberg,
Germany

Development of a hybrid app with Ionic / Angular and microservices based on Node.js and Kubernetes.

- Implementation of IaC modules with Terraform.
- Configuration and standardization of CI/CD processes.
- Creation of technical architecture concepts on AWS.

Software Engineer

2011 - 2017

[Various companies](#)

Germany

Development and maintenance of software mainly in C# in the automotive supplier, real estate and healthcare sectors.

EDUCATION

Bachelor of Science in Business Information Systems

2005 - 2010

[Georg-Simon-Ohm University](#)

Nuremberg,
Germany

CERTIFICATION

AWS Solution Architect Professional

AWS - 12/2023

Terraform Associate

HashiCorp - 03/2022

AWS Developer Associate

AWS - 01/2022

AWS Solution Architect Associate

AWS - 12/2021

ISAQB Certified Professional for Software Architecture

ISAQB - 06/2016
